

Accessibility Check

- ✓ Every text-on-background pair passes 4.5:1 contrast (verified with WebAIM Contrast Checker)
- ✓ Real semantic elements (<header>, <nav>, <main>, <button>), not a <div> with onClick
- ✓ Every meaningful image has alt text; decorative images use alt=""
- ✓ Every form input has a matching <label> (htmlFor + id)
- ✓ Every link and button is reachable with the Tab key, with a visible focus state
